

STARS

St Thomas' Advanced Revascularisation Symposium

International faculty:

Dr Lanfroi Graziani
Head of Interventional Cardiology,
Istituto Clinico Citta Di Brescia Hospital,
Brescia, Italy

Dr Peter Goverde
Consultant Vascular Surgeon,
Stuivenberg Hospital, Antwerp, Belgium

Dr Michael Lichtenberg
Consultant Angiologist, Vascular Centre,
Arnsberg, Germany

Dr Andrej Schmidt
Chief Senior Physician, University Hospital,
Leipzig, Germany

Dr Michael Wholey
Interventional Radiologist, San Antonio,
Texas, USA

Industry faculty:

Yann Goueffic
Professor and Chief of Department of Vascular
Surgery, CHU Nantes, France

UK faculty:

Mr Said Abisi
Guy's & St Thomas' Hospital

Mr Stephen Black
Guy's & St Thomas' Hospital

Mr Rob Davies
Leicester Royal Infirmary

Dr Athanasios Diamantopoulos
Guy's & St Thomas' Hospital

Mr Tommaso Donati
Guy's & St Thomas' Hospital

Dr Panos Gkoutzios
Guy's & St Thomas' Hospital

Dr Mo Hamady
Imperial College London

Dr Narayan Karunanithy
Guy's & St Thomas' Hospital

Dr Rob Morgan
St George's Hospital

Mr Sanjay Patel
Guy's & St Thomas' Hospital

Dr Lorenzo Patrone
Northwick Park

Miss Nung Rudarakanchana
Royal Free London

Dr Tarun Sabharwal
Guy's & St Thomas' Hospital

Mr Prakash Saha
Guy's & St Thomas' Hospital

Mr Morad Sallam
Guy's & St Thomas' Hospital

Mr Malcolm Simms
Birmingham

Miss Kaji Sriharan
Royal Liverpool University Hospital

Dr Narayan Thulasidasan
Guy's & St Thomas' Hospital

Mr Chris Twine
Aneurin Bevan Hospital, Newport

Mr Mark Tyrrell
Guy's & St Thomas' Hospital

Mr Hany Zayed
Guy's & St Thomas' Hospital

STARS

Friday 7th September 2018
Etc. venues, County Hall
Westminster SE1 7PB

08:15-08:50
Registration

08.50-09.00
Welcome and Introduction

09.00-10.10
Aorto-iliac interventions and Endovascular training

Moderators: Mr Morad Sallam, Miss Kaji Sritharan & Dr Tarun Sabharwal

09:00-09:10
Radial access: Technique, when to use and when not to use
Dr Narayanan Thulasidasan

09:10-09:30
CERAB and Ch-CERAB: Different techniques and what I have learnt over the years
Dr Peter Goverde

09:30-09.40
There is still a role for surgery in managing occlusive aorto-iliac disease
Mr Mark Tyrrell

09:40-10.10
Peripheral endovascular training for young interventionists
– Challenges we face in vascular surgery training
Mr Rob Davies
– Challenges we face in IR training
Dr Rob Morgan
– So, what is the solution?
Mr Morad Sallam

10.15-11.00
Femoro-popliteal segment I

Moderators: Dr Peter Goverde & Dr Michael Lichtenberg

10.15-10.30
Challenging SFA re-interventions in CLI
Dr Athanasios Diamantopolous

10.30-10.40
Strategies to avoid distal embolization in complex revascularisation procedures
Dr Michael Wholey

10.40-10.50
Strategies to manage early thrombosis following endovascular revascularisation
Mr Tommaso Donati

10.50-11.00
Endovascular approaches to acute limb ischaemia
Dr Mo Hamady

11.00-11.30
Coffee

11.30-12.40
Femoro-popliteal segment II

Moderators: Mr Hany Zayed & Dr Peter Goverde

11.30-11.40
Endovascular approaches to CFA: Techniques and outcomes
Mr Rob Davies

11.40-11.55
Alternative access and my strategies to treat infra-inguinal calcified disease
Professor Andrej Schmidt

11.55-12.05
Open vs endo in distal tibial revascularisation: The unsolved dilemma
Mr Sanjay Patel

12.05-12.15
Endovascular management of popliteal artery disease: Considerations and outcomes
Mr Chris Twine

12.15-12.25
Retrograde access: Pushing the boundaries
Dr Lorenzo Patrone

12.25-12.40
Industry Update Abbott Vascular: Supera Stenting for the Common Femoral arteries
Dr Yann Gouëffic

12.40-12.50
BASIL2-3 Updates

12.50-13.45
Lunch

13.45
Below the Knee Interventions
Moderators: Dr Tarun Sabharwal & Dr Michael Wholey

13.45-14.00
Popliteal trifurcation interventions: My strategies, tips and tricks
Professor Andrej Schmidt

14.00-14.10
Lifetime experience in endovascular extreme distal revascularisation and loop technique: My verdict
Dr Lanfroi Graziani

14.10-14.20
Lifetime experience in open extreme distal revascularisation: My verdict
Mr Malcolm Simms

14.20
Future of distal arterial revascularisation
14.20-14.25
Professor Andrej Schmidt
14.25-14.30
Dr Lanfroi Graziani

14.30-15.30
How I do it (recorded cases)

Moderators: Mr Hany Zayed & Professor Andrej Schmidt (8 minute talk; 4 minute discussion)

– **CERAB and Ch-CERAB**
Dr Peter Goverde
– **Retrograde Access**
Professor Andrej Schmidt
– **Ultra-distal revascularisation and loop technique**
Dr Lanfroi Graziani
– **Distal Venous Arterialisation**
Dr Michael Lichtenberg
– **Ilio-Caval reconstruction**
Mr Steve Black

15.30-16.00
Tea

16.00-17.00
Near-Misses (recorded cases)

Moderators: Dr Tarun Sabharwal & Dr Lanfroi Graziani
Mr Hany Zayed
Mr Prakash Saha
Dr Panos Gkoutzios
Mr Said Abisi
Dr Athanosis Diamantopoluos
Miss Nung Rudarakanchana

17.00-18.00
Venous Session

Moderators: Mr Steve Black & Dr Michael Lichtenberg

17.00-17.15
CDT vs PMT in acute DVT: Which one to use: Tips and tricks
Dr Narayanan Karunanithy

17.15-17.30
Post-operative management strategies following deep venous stenting
Dr Michael Lichtenberg

17.30-17.45
Post-thrombotic syndrome:
– We should intervene on PTS to avoid long-term consequences
Mr Steve Black
– Conservative management is as good and even more cost effective
Mr Prakash Saha

17.45-18.00
Close and Feedback

*Mr Hany Zayed
Dr Tarun Sabharwal*
